

As part of InterContinental Perth Burswood's ongoing modernisation project, we are pleased to share with you news of our next phase of developments to our hotel's existing facilities.

As the renovations of our guest rooms continue – introducing lush upholstery, ornate stone work, ultra-comfortable furniture and the highest quality linen – our commitment to create a whole new level of hotel luxury extends beyond your room, to ensure your stay with us fulfils all of your expectations.

Until December 2010, Atrium Restaurant will undergo extensive refurbishments, and when complete will offer guests an unparalleled dining experience beyond anything seen before in Perth.

This complete transformation of Atrium will feature a contemporary setting with spacious seating, an expanded buffet selection, live cooking stations and exceptional service on every visit.

Atrium will be closed and Spice Lounge relocated during this time, but rest assured guests will be looked after with additional dining options made available at Burswood's other award-winning restaurants including Victoria Station, Sirocco, (A)LURE and Yú.

Please see overleaf for perspectives of this exciting transformation and further details regarding dining alternatives.

As these renovations take place, some adjoining facilities will be limited however, we will continue to operate with minimal disturbance to guests. An extensive schedule of works will mainly occur Monday to Friday from 0730 to 1730 hours and Saturday from 0900 to 1300 hours. Any disruptions caused during this time will be managed to ensure we continue to deliver on our absolute commitment to guest satisfaction and service.

Thank you for your understanding. For more information, please call InterContinental Perth Burswood on +61 8 9362 8888.

We look forward to sharing the results of our exciting work with you.
